# President's Speech

**Khadija AMINE**  
President of SMPI

Dear colleagues

The Moroccan Society of Periodontology and Implantology organizes from October 16 to 18, 2020 its 5th international congress in Marrakech. These days provide a platform for encounters and exchange between the various players in the periodontology field.

True to its traditions, the scientific committee of the SMPI has selected for this year's edition an interesting topic, "the new approaches in periodontology and implantology"—a topic that will showcase the therapeutic innovations in this field.

A rich and varied program has been drawn up to address everyone's needs and prominent speakers will address everyday issues and share solutions that will help us improve our clinical practice.

Thus, peri-implantitis will be addressed by a number of authoritative names in periodontology, headed by Professor N. Lang.

Pioneers of periodontal plastic surgery techniques will be facilitating a session of mucogingival surgery while the "CAF" will have to deal with the " Tunnel Technique" in exciting duels to the delight of enthusiasts of the discipline.

Finally, implantology will also have its share in the program as a wide range of experts will share their clinical experiences with us.

The congress will take place in the imperial city of Marrakech, Morocco to enjoy the city's beautiful gardens and centuries old medina. A real combination of business and fun.

The SMPI family looks forward to welcoming their members and friends to celebrate periodontology once again. As usual, your presence will contribute to the success of these days. Come along as many as you can to join in this feast of Periodontology and Implantology community.

Great thanks go to our speakers, who have kindly agreed to participate in this event. Thanks, are also extended to our partners and to all the members of the Bureau.

*Khadija Amine*  
President of SMPI

## PRE-PROGRAM

### Friday 16 October

08h00 - 09h00 | Welcome of the participants

☺ 09h00 - 12h45

#### Muco-gingivale session

09h00 - 09h15 | Theme presentation

09h15 - 10h00 | Surgery without papilla incision - tunneling flap procedures in plastic periodontal and implant surgery **O. ZUHR**

10h00 - 10h45 | Limits of mucogingival regeneration in extrem root recessions  
**I. ZABALEGUI**

10h45 - 11h30 : Coffee break

11h30 - 12h15 | **M. DE SANCTIS**

12h15 - 12h45 | Discussion

12h45 - 15h00 : Lunch break

☺ 15h00 - 18h30

#### Peri-implantitis session

15h00 - 15h15 | Theme presentation

15h15 - 16h00 | Preservation or extraction and implantation ay patients with severe periodontitis : dicision making **A. BOUZIANE**

16h00 - 16h45 | **N. LANG**

16h45 - 17h15 : Coffee break

17h15 - 18h00 | Peri-implantitis: Is it possible to prevent?

**A. M. ROOS-JANSÅKER**

18h00 - 18h30 | Discussion

### Saturday 17 October

☺ 09h00 - 12h45

#### Implants in the aesthetic sector

09h00 - 09h15 | Theme presentation

09h15 - 10h00 | Digital technology at the service of modern implantology **O. MIKOU**

10h00 - 10h45 | Immediate implants in the esthetic zone : what should we know?  
**N. HAJJUI**

10h45 - 11h30 : Coffee break

11h30 - 12h15 | Implant strategy of the extended edentulous esthetic zone

**T. DEGORCE**

12h15 - 12h45 | Discussion
